2 Questions

25%: Pick the paper you think was most significant, either at the time it was written or at this current time, and describe, in detail, why.
25%: Pick the paper w/ the most overblown claims and describe, in detail, why they failed to meet the hype. Tear it apart. Make it regret ever meeting you.
50%: Describe "Something Else" from P6, why it is so cool, and exactly how it was implemented. This 50% encompasses both the writeup and the actual implementation.
